

Symbol>>#readFrom:

```
graph TD; A(Symbol>>#readFrom:) --> B(Symbol); A --> C(Scanner);
```

The diagram illustrates a dependency in a literal. At the top, a white rounded rectangle with a double border contains the text 'Symbol>>#readFrom:'. Two arrows originate from the bottom of this rectangle: one points to a green rectangle labeled 'Symbol' on the left, and the other points to a pink rectangle labeled 'Scanner' on the right. A legend at the bottom left shows an arrow pointing right, followed by the text 'Dependence in a literal'.
